this book presents a chronological series of nude photographic portraits of more than 90 diverse girls and women of many ages shapes sizes and conditions plus their personal statements about their bodies and experiences these are often highly personal and intensely moving

the problem of the rational soul in the thirteenth century traces the latin scholastics attempt to deal with two essentially incompatible notions of the human soul the scientific view of aristotle which considers it to be a form and the augustinian view of the soul as a substance in its own right from gundissalinus to the parisian condemnation of 1277 it traces the growing disarray of latin notions of the soul the growth of the monopsychism controversy the solutions of bonaventure and aquinas through the variety of responses to aquinas s de unitate intellectus among its conclusions are that the traditional dualism diminished with time that there was little agreement among the heterodox aristotelians and that with two exceptions no one in the thirteenth century taught the present position of the catholic church that the rational soul is infused at conception
